Potential Future Project for Discussion As of November 2, 2023

1. Refurbish bridge of channel on Bluebill

The Committee suggested cleaning the waterway bridge and/or researching application of a veneer stone.

PM will meet with new Road Maintenance Management as soon as possible.

2. Install Sidewalks east and west side of Gulf Shore Drive

The Road Maintenance Division is considering sidewalk installation on the east side of Gulf Shore Drive for 2025. Design and fund allocation are required; sidewalks must conform to County code and be ADA compliant. A bike path should be incorporated into the project design. Drainage would have to be redesigned to accommodate the installation. Project timeline depends on coordination with Road Maintenance and Capital Planning. PM will discuss with Road Maintenance during planned meeting.
