V. Chairman's Report – Tony Branco

A. Community Assessment

Chair Branco reported:

- Community landscaping looks good.
- Palms at entrance have been pruned.
- Ixora shrubs have leaf spot fungus.
- A vehicle overran median 19 on Pebble Beach Blvd.

B. Traffic Meeting and Monthly Traffic Data

Two (2) Traffic Logix SafePace 100 speed monitoring signs are functioning on Saint Andrews Boulevard by the Lely Presbyterian Church north side, *Radar 1*, and Pine Valley Circle south side, *Radar 2*.

Chair Branco distributed a daily vehicle and mph report for a thirty (30) day-time span. The Committee concurred report totals could be calculated on a thirty (30) day or monthly basis.

- Radar 1 recorded 61,981 vehicles in the past thirty (30) days; daily activity of 1,936. Maximum speed was 61 mph.
- Radar 2 recorded 66,044 vehicles for an average of 2,063 per day. Maximum speed was 77 mph.

Ms. Arnold and **Chair Branco** attended a meeting April 1, 2021, requested by Lisa McGarity, President of the Lely Golf Estates Homeowner's Association and hosted by District 1 Commissioner Rick LoCastro to identify solutions to vehicular traffic concerns, primarily speeding. Attendees included representatives from the Sheriff's Office, Traffic Operations Division, and the Lely Country Club Homeowner's Association.

Methods discussed to deter speeding and reckless driving in the community included:

- Signage
- Speed bumps
- Cameras
- Crosswalks
- Law enforcement monitoring

A "Neighborhood Traffic Program (NTP)" petition, generated by Collier County Transportation Planning, was mailed to residents soliciting opinions on installation of speed bumps. Results will be available on completion of the survey.

C. Collier Metropolitan Planning Organization Proposed (MPO) US Bike Route 15

The Committee discussed the impact of the MPO-proposed US Bike Route 15 through Collier County. The Georgia to Miami Bike Path is supported by the American Association of State Highway and Transportation Officials (AASHTO). The proposed route directs the pathway from Santa Barbara Blvd onto the entire length of St Andrews Blvd through the Lely community to US-41. The southern half of St Andrews Blvd passes through the Lely Golf Estates MSTU district, which is already attempting to address significant traffic congestion and speeding issues.

Adding US Bike Route 15 could only compound the ongoing traffic concerns.

US Bike Route 15 is on the Collier Metropolitan Planning Organization April 20, 2021 meeting Agenda for approval. The BCC has final authority over County roads. Chair Branco plans to attend the meeting.

Ms. Lowry motioned the M.S.T.U. to oppose the use of St Andrews Blvd for the US Bike Route 15, Georgia to Miami, pending Community input. Second by Ms. Jorgensen. Carried unanimously 4 - 0.

Ms. Arnold suggested the Bike Path proposal be included on the Community Survey distributed by the M.S.T.U. *Ms. Garcia* will investigate possibility of incorporating the question on the survey.

- 2. Continue the current millage rate to enable MSTU revenues to fluctuate in tandem with ad-valorem taxable property values, a "Millage Neutral" rate.

Ms. Slebodnik motioned to maintain the current millage rate of 2.0000 for FY22. Second by Ms. Lowry. Carried unanimously 4 - 0.

VIII. Ongoing Business

A. St. Andrews Entryway Monuments Refurbishment

A drawing by McGee & Associates, prepared in compliance with the Sign Permitting Department's requirements for the Entryway Monument Signs at St Andrews Blvd & US-41, was posted on Bid Sync for a Quick Quote bid solicitation.

One contractor, Capital Contractors submitted a bid of \$112,600.00. Capital Contractors is performing similar sign work elsewhere in Collier County. In the previous 2019 monuments renovation solicitation, the second lowest bid was \$142,000.00.

The expenditure would be funded from the Capital Outlay MSTU budget category, which has a balance of \$171,010.00.

The project can be re-submitted for bids to a broad spectrum of contractors.

Chair Branco suggested Staff consider applying for a Permit variance to approve the McGee design as submitted.

B. Thermoplastic Crosswalks – Paver Style

To approximate the price of eight (8) additional crosswalks, **Mr. Schumacher** measured the square footage of thermoplastic tiles and striping to arrive at an estimated range of \$75,000 to \$80,000.

The Committee would like to implement parallel projects if the budget supports the expenditure.

Mr. Schumacher will Request a Quote (RFQ) for the proposed paver crosswalks for the May 2021 meeting.

C. Tuscany Villa Landscaping

Mr. Schumacher has not received a response from Tuscany Villa to his email inquiry week of April 10th.

The Code Enforcement Division will be notified if Tuscany Villa management does not take action to replace the deteriorated Italian Cypress trees around the backup generator on St Andrews Blvd.

IX. New Business

X. Committee Member Comments None

XI. Public Comments

Guest Speaker – Lisa McGarity

Ms. McGarity, President, Lely Homeowners Association, requested the Committee consider solutions to the HOA's areas of concern including:

1. Replacement of the fence on Rattlesnake Hammock Road and Doral Circle.

Chair Branco reviewed the history of the fence construction and determined the fence, bordered by M.S.T.U. landscaping, is on private property and maintenance is the responsibility of the homeowners.

2. Street Light Installation Doral Circle

The HOA is requesting an upgrade to street lighting on Doral Circle citing aesthetic and safety concerns.

During Committee discussion the following was noted:

- The M.S.T.U.'s duties and responsibilities reflect the common interest of the community. It is a County run authority taxing all property owners within the defined boundaries. Monies must be expended for the equal benefit of all those within the M.S.T.U.
- The M.S.T.U.'s primary function is landscaping. Lighting, other than to enhance landscaping, would require an amendment to the original Ordinance.
- Mr. Schumacher previously prepared a lighting layout for the Doral Circle neighborhood at the request of residents for discussion of FPL light pole alternatives.

Chair Branco suggested the HOA establish a "Lighting District" with the County and FPL, further recommending lighting enhancement for the MSTU district at large be considered as future Agenda item.

XII. Adjournment

There being no further business to come before the Committee, the meeting was adjourned by the Chair at 3:43 PM.

To: The Customers of McShea Contracting

As you may have already heard McShea Contracting, along with PK Contracting in Michigan, have been acquired by Frontline Road Safety. FRS is based in Denver, Colorado and previously has acquired top level pavement marking operations in Texas, the Pacific Northwest, Ohio and New York. Their mission is to align with top pavement marking contractors across the country.

One of the provisions of the sale requires the Shea family and Dan McWilliams along with the rest of the management team at McShea continue to run the company. Without that we would not have considered the transaction. The overriding theme during all of our discussions with Frontline is that our employees and customers should not notice any change in our operation.

We assure you that McShea is, and has to be, just as focused and committed to providing the prime contractors and governmental agencies that we work for the same level of service and quality that has been our company philosophy since we started. That philosophy is what we know, it is what we do and it will never change.

Thank you for your years of support. We assure you we will service your needs as always.

Sincerely,

Chris Shea and Dan McWilliams
