## **B.** Phase IV Utility Burial Status

## 1. MasTec Change Order #

- MasTec North America is the contractor for burial of conduit and placing of equipment for Florida Power & Light, Comcast cable and Century Link for Phase IV.
- MasTec's *Work Change Order Request Amendment to Contract #20-7791,* for changes discovered during construction, was approved by the Board of County Commissioners (BCC) on April 26, 2022.
- The *Work Change Order Request* in the amount of \$124,919.50 will be reflected in the budget on signature execution by the BCC.
- The revised project completion date is September 1, 2022.

#### 2. Cocohatchee Bridge

- The design for installation of stainless-steel conduit for Century Link and Comcast on the bridge was modified to two (2) brackets and two (2) conduits.
- A Right of Way (ROW) permit is required to reflect the design alteration for the cable installation.
- The bridge construction, a "stand alone" operation, will not affect progress of other aspects of the Phase IV project.

#### 3. Underground System Activation

A "switching order" for Phase IV construction to energize the underground electrical system and de-energize the overhead system has been requested from Florida Power & Light (FPL).

FPL anticipates electric system conversion to begin in early June. The two-week process should be completed by July 1<sup>st</sup>. Light poles will be removed once electrical service conversion is complete.

#### VIII. OLD BUSINESS

## A. Potential Future Projects

#### 1. Refurbish Bridge of Channel on Bluebill

The Committee suggested cleaning the waterway bridge and researching the feasibility of installing veneer stone on the structure.

**Mr. Sells** reported the Road Maintenance Division noted cleaning and/or painting of the structure will be considered if necessary. Painting the bridge requires a Right of Way (ROW) permit and would be undertaken if the structure was previously painted.

*Mr. Sells* will suggest Ms. Arnold request approval from the Road Maintenance Division to power wash the bridge.

### 2. Sidewalks East and West Side of Gulf Shore Drive

The Road Maintenance Division is considering sidewalk installation on the east side of Gulf Shore Drive for 2025. Design and fund allocation are required; sidewalks must conform to County code and be ADA compliant. A bike path should be incorporated into the project design. Drainage would have to be redesigned to accommodate the installation. Project timeline depends on coordination with Road Maintenance and many issues which were discussed at a meeting July 16, 2021.

*Mr. Sells* will discuss the project with the County's Capital Project Planning Division and update the Committee at a future meeting.

#### 3. Install 8" reuse water line from US41 to Conner Park.

Vanderbilt Drive's current annual water bill is approximately \$35,000 and Conner Park's approximately \$30,000 per year. Investigation should occur to determine if underwriting the cost of the water line installation from US 41 to Conner Park is financially feasible. One potential quote placed the cost at \$550,000 for the conversion which would supply water to Conner Park and Vanderbilt Drive. Reuse Water management has not agreed to allow this as of May 5, 2022.

#### 4. SE corner (right of way) of Gulf Shore Drive and Bluebill.

Clean up area between Gulf Shore Drive and Vanderbilt waterway. Prune trees, general cleanup.

Quotes for landscape maintenance of the area are due May 6, 2022.

#### 5. Greenway Multi-Use Path North of Bluebill on Vanderbilt Drive

A ten (10) foot bike and pedestrian path north of the Dunes of Naples entrance cannot be navigated at high tide or during extreme rain events. The Committee directed Staff to investigate elevating the grade of the pathway one (1) foot and installing an asphalt surface and curb.

Mr. Sells will determine the necessity of a Right of Way (ROW) permit and solicit cost quotes.

#### IX. NEW BUSINESS

#### A. Benches

- Benches will be installed on the pads in Conner Park.
- The bench pad at the Moraya Bay Beach Tower will be raised, resurfaced with pavers and the bench reinstalled.

#### X. PUBLIC COMMENTS None

#### XI. ADJOURN

There being no further business for the good of the County, the meeting was adjourned by order of the Chair at 3:01 P.M.

## Potential Future Project for Discussion As of Sept 1, 2022

### 1. Refurbish bridge of channel on Bluebill

The Committee suggested cleaning the waterway bridge and/or researching application of a veneer stone.

PM met with Director Road Maintenance July 16 and received somewhat positive feedback.

#### 2. Install Sidewalks east and west side of Gulf Shore Drive

The Road Maintenance Division is considering sidewalk installation on the east side of Gulf Shore Drive for 2025. Design and fund allocation are required; sidewalks must conform to County code and be ADA compliant. A bike path should be incorporated into the project design. Drainage would have to be redesigned to accommodate the installation. Project timeline depends on coordination with Road Maintenance and many issues which were discussed July 16.

#### 3. Install 8" reuse water line from US41 to Conner Park.

Vanderbilt Drive has currently annual water bills of around \$35,000 and Conner Park has current water bills of around \$30,000 per year. This is an investigation to see if it makes financial sense to underwrite the cost of the actual water line. One potential quote placed the cost at \$550,000 for the conversion which would supply water to Conner Park and Vanderbilt Drive. Reuse Water management hasn't agreed to allow this as of this writing.

- 4. **SE corner (right of way) of Gulf Shore Drive and Bluebill.** Clean up area between Gulf Shore and Vanderbilt waterway. Prune trees, general cleanup. **Complete 8/1/2022**
- 5. **Greenway Multi-use path North of Bluebill on Vanderbilt Drive.** Pathway at the north end of the Dunes and a couple hundred feet north of the Dunes is low and floods regularly. Investigate lifting pathway.
